COOKING METHODS CAUSE OF CANCER

Amount of Meat Consumed Something to Do With Prevalence, Says Dr. William Mayo.

New York, April 9.—A statement by Dr. William J. Mayo that the prevalence of cancer perhaps is traceable to present methods of cooking was to the laymen one of the salient opinions in a maze of technical discussions at the opening to-day of the American Surgical Association's annual convention. Dr. Mayo is a delegate from Rochester, Minn., and president of the association. He explained that cancer of the stomach, for example, is all but entirely confined to a third of all cancer cases among civilized peoples.

Dr. Mayo said that the amount of meat consumed undoubtedly had something to do with the prevalence of cancer, among them the peculiar form which attacks the mouths of the natives of India, brought on by an irritation due to chewing betel nuts.

During a discussion about the advisability of operating for appendicitis, Dr. James A. Moore, of Minneapolis, said that he felt that the removal of the appendix was an interference with the designs of the Lord.

Dr. A. G. Gerster, a New York surgeon, replied that if this were true, all an interference with Providence.

The present convention is preliminary to the International Congress of Surgeons, which will meet here on Monday with representatives from all parts of the United States and most of the European countries.

Attending Convention.
Dr. Eugene C. Brigham, professor of chemistry at Richmond College, is attending a convention of the American Chemical Society in Cincinnati. He will read a paper on his researches on the subject of viscosity.

Lynchburg, Va., April 9.—In a list of much interest in Virginia was submitted to-night at the home of Mr. and Mrs. Volney Howard, at Highland Heights, when their fourth daughter, Miss Louise Elwood Howard, became the wife of Judge Preston White Campbell, of Abingdon. The ceremony was performed by Rev. W. T. Williams, pastor of Floyd Street Methodist Church, and was assisted by Rev. Wallace T. Palmer, pastor of Westminster Presbyterian Church, of the occasion.

Miss Elizabeth Howard was maid, and Mrs. E. M. Murrell, matron of honor, these being sisters of the bride, while her bridesmaids were Misses Julia Howard, another sister of the bride, Katherine Stuart, Abingdon; Ellen LeNair, of Knoxville, Tenn.; and Ellen Pittman, of Lynchburg, Va. The bridesmen were T. P. Trigg, of Abingdon; Harris Findley, of Knoxville; and J. A. Meadows, of View, and John D. Cox, Jr., of Lynchburg.

NOMINATED BY PRESIDENT.
Names of Several Virginians Sent to Senate.

Washington, April 9.—The President to-day made these nominations:
Consul-general—George H. Murphy, North Carolina, now consul-general at large, transferred to Capetown.
Alexander W. Weddell, of Richmond, now consul at Catania, transferred to Athens.

He also made (new appointments)—William A. Bickley, Calverton, at Hobart, Tasmania; Wilbur Kehring, Staunton, at Malta; Samuel H. Wiley, Salisbury, N. C., Assunção, Paraguay.

Alexander W. Weddell, promoted from consul to consul-general, and transferred from Catania to Athens, is well-known in Richmond. For several years he was private secretary to John Skelton Williams. His first post in the consular service was in Zanzibar.

William P. Kent, of Wytheville, consul at New Chang, and transferred to Leipzig, Germany, is well-known in Virginia, having been the Republican candidate for Governor when Governor Mann was elected.

[Special to The Times-Dispatch.]
Lynchburg, Va., April 9.—Two men were found in the act of ransacking the residence of W. E. Right, on Court Street, early this morning, and they were fired upon by an occupant of the house. One of them appeared as if he had been shot in one of his arms, and both of them escaped. The burglars were discovered before they secured anything.

BIG BRONZE LAMPS FOR POST-OFFICE

Ornamental Illumination Provided for Federal Building. Motor Mail Service.

After months of delay, ornamental lights for the front and rear of the Federal Building have reached here and will be installed at once. The new equipment consists of four ornamental clusters of lamps which will project out from the building. They are massive affairs of bronze and cost \$650.

Postmaster Thornton is working up a scheme to replace the collection wagons with motor cars, and dealers in the city have been asked to submit bids for furnishing the equipment. If prices are suitable, Mr. Thornton will take up the matter with the post-office department and will endeavor to secure its indorsement of his plan.

At present the collections are made in six vehicles which are furnished by the men themselves, and for which they receive a monthly rental. Mr. Thornton proposes to have a uniform motor truck, similar to department mail delivery wagons, furnished on the same basis. The trucks will not be owned by the department, but will be rented. The question of chauffeurs has not yet been worked out, but it is probable that the collection men will be taught to operate the trucks. Considerable time it is believed will be saved by the change, as the two parcel post automobiles have been very successful, although they leave much to be desired. The screen wagon service which transfers mail between the post-office and trains will not be affected.

In order to increase the efficiency of the local office, the following collection main floor has been rearranged in such a manner that considerable time is being saved. The rearrangement includes the delivery wagons, furnished on the same basis. The trucks will not be owned by the department, but will be rented. The question of chauffeurs has not yet been worked out, but it is probable that the collection men will be taught to operate the trucks. Considerable time it is believed will be saved by the change, as the two parcel post automobiles have been very successful, although they leave much to be desired. The screen wagon service which transfers mail between the post-office and trains will not be affected.

No Dance This Week.
The regular Saturday afternoon dance of the Highland Park Cottillion Club will be suspended this week on account of Holy Week. The following collection main floor has been rearranged in such a manner that considerable time is being saved. The rearrangement includes the delivery wagons, furnished on the same basis. The trucks will not be owned by the department, but will be rented. The question of chauffeurs has not yet been worked out, but it is probable that the collection men will be taught to operate the trucks. Considerable time it is believed will be saved by the change, as the two parcel post automobiles have been very successful, although they leave much to be desired. The screen wagon service which transfers mail between the post-office and trains will not be affected.

Court Finds Nothing in City's Charter Empowering Aldermen to Act.

[Special to The Times-Dispatch.]
Richmond, N. C., April 9.—In a list of twelve opinions delivered to-day by the Supreme Court, one of especial note was the State vs. Darnell, from Winston-Salem, involving the right of the Aldermen of that city to prescribe certain blocks for colored or white occupancy for residence. The court, Chief Justice Clark writing the opinion, declares that there is nothing in the charter of Winston-Salem to empower the Aldermen to enact and enforce an ordinance such as that involved, but does not pass upon the question of whether or not the Legislature would have power under the Constitution, to enact statutes that would confer power to prescribe such "race segregation." The list of opinions follows:

Parrott vs. Norfolk-Southern Railway Company, from Lenoir, new trial as to whether the continuance of a flag station would interfere with the defendant's duties to the public in the carriage of freight and passengers.

Bluthenthal vs. R. C. & S. Railroad, Cumberland, no error.

Hodges vs. Wilson, Cumberland, no error.

Bank vs. McArthur and Bank vs. Newton, from Wake and from Cumberland, affirmed in both cases.

Dallego vs. Coast Line, from Pender, no error.

New Hanover, no error.

Thompson vs. Seaboard Air Line, Bladen, error.

State vs. Darnell, Forsyth, action dismissed.

State vs. Shouse, Forsyth, no error.

State vs. Atwood, Forsyth, no error.

State vs. Mirror Company, Forsyth, no error.

Rangeley vs. Harris, Surry, no error.

BINFORD HONORED BY CONFERENCE

Virginian Chosen President of Big Branch of Education Association.

J. H. Binford, executive secretary of the State Co-Operative Education Association, has been chosen president of the Rural School Teachers' Association, the most important branch of the Conference for Education in the South, which is now in progress in Louisville, Ky. In company with a large party of Virginia educators, Mr. Binford is in conference. The position to which he has been chosen is one of the most important in the state of the conference. When the educators convened, the association was called to order by United States Commissioner of Education P. F. Claxton.

The election of Mr. Binford to this office adds another scalp to the string of honors won by Virginians in this great convention. Dr. S. C. Mitchell, president of the Medical College of Virginia, is acting president of the Conference on Education in the South, and presided at the sessions in Louisville.

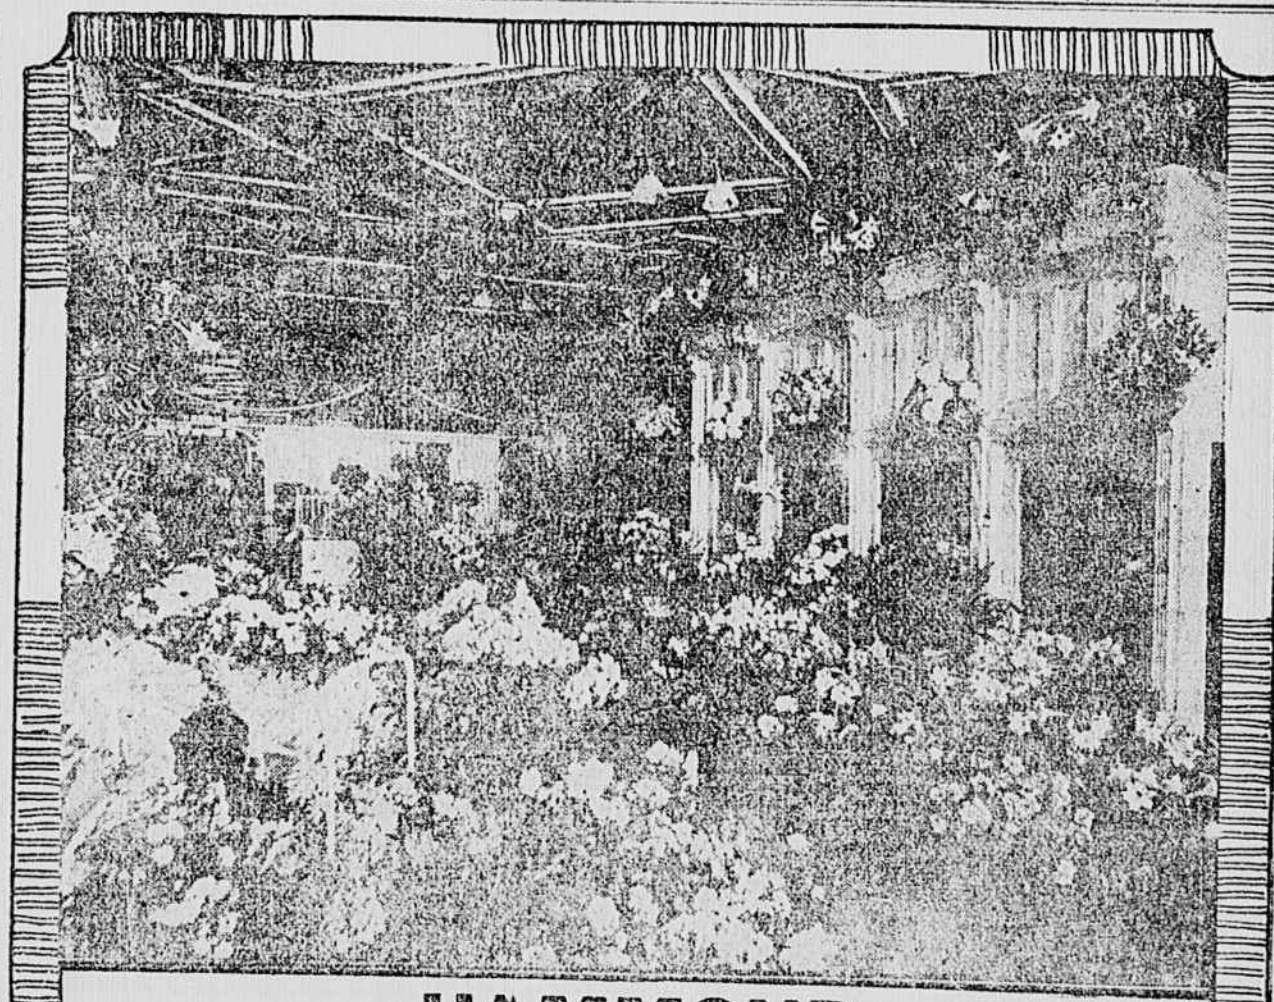

Jackson Davis, State supervisor of rural colored schools, has taken a prominent part in the conference and has read papers in company with other men in the Virginia delegation. Dr. J. A. C.
